

## **Apprenticeship in Certificate III in Civil Construction**

Are you passionate about construction & irrigation and looking to start a rewarding career in the field? Join our team as a Civil Construction Apprentice and get hands-on experience working on diverse projects in the construction industry. We are seeking a motivated individual, who is eager to learn, contribute to meaningful projects, and grow their skills in a supportive environment. The successful applicant will be working with our repair & maintenance division.

As a Civil Construction Apprentice, you will be involved in a variety of tasks on a day-to-day basis, including:

- Driving, operating, and maintaining a range of plant and equipment such as backhoes, mini excavators, trucks, tip trucks, forklifts, boom lifts, and other specified machinery.
- Assisting in traffic control operations to ensure the safety of workers and the public during construction activities.
- Participating in investigations, surveys, and planning for projects.
- Undertaking minor maintenance activities to ensure the proper functioning of equipment and tools.
- Conducting regular maintenance on machinery and tools to ensure optimal performance.
- Assisting in various non-maintenance activities as directed by supervisors.

To be successful in this role, you will need to possess the following capabilities and knowledge:

- Ability to work as part of a team
- Commitment to both on and off the job training
- A can-do attitude and willingness to learn
- Ability to work safely and follow instructions
- High attention to detail
- A strong interest in civil construction and a genuine desire to pursue a career in the industry.
- WHS White card (or willingness to obtain)
- Ability to swim

## **Applications close 31st August 2023**
